DESCRIPTION**Lobster Lovers**

Euro high alcohol lager. Lots of sweet honey and toasty malt. Citrus, apple, and a bit of sour cherry is detectable. Lots of character and a hint of booze induced warmth. Smooth, mellow and very well balanced. The caramel/honey sweetness really lingers too. The booze is well hidden and palatable. Clean but with a nice lingering buttery texture. Slick and a bit creamy taste in the finish. A definite buttery character in the flavor and the texture makes this brew go well with lobster.

Extremely well crafted. Naturally fermented.

6 x 4 x 330 ml glass bottles, four 6-packs per carton.
